REASONS FOR ALLOWANCE

1. This Office Action is responsive to the Amendment filed on 7/6/05.
2. Claims 1-13 and 17-23 are allowed.
3. The following is an examiner's statement of reasons for allowance:

References 6665310, 5726989, 6151375 are additionally cited because they are pertinent to the claimed invention.

-Regarding to independent claims 1, 8, 9, 17 and 18, none of prior art of record teaches or suggests the method/system as claimed. Either Noda et al (5,7,84,119) or Watanable et al (6,288,748), (previously cited), fails to teach, in combinations with other limitations recited in the claims, a SYNC decoder device/procedure of receiving a CLK and SYNC streams and decoding SYNC stream packets from said SYNC streams into qualified system time events, where each qualified system time event has been temporally qualified by the SYNC decoder device/procedure using a checkword contained in a SYNC stream packet. It would not have been obvious for one skilled in the art to implement either Noda et al or Watanable et al in view of other prior art of record in order to lead such the implementation to the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
